

Philippians 3:10-19

Spiritually, we are often content to be "just ok." We are content with trying to be good instead of being godly. We can mistakenly think that we are "good" when we simply are just "not bad."

**2 Peter 1:3** - According as his diving power hath given unto us all things that pertain unto life and godliness.

In verse 6, we are told to add godliness to our faith (salvation). The word for *godliness* is the word that the greeks used of *true religion*. Religion that actually changes you. A godly person is consistent whether they were at home, at church, at work, or at the grocery store.

Peter is not calling for a socially acceptable Christianity. One that blends in, but rather one that stands out as light in the midst of darkness. Peter is calling for Christianity that promotes and defends God's ideals. A godly Christian truly hates what God hates and loves what God loves.
