### What is the Purpose of Submission?

Let's just be honest with ourselves. People do not like to submit. By nature, we do not crave opportunities to submit to, or obey people. But why is that? Well for starters, we are incredibly proud, and we like to protect our rights. We do not like other people telling us what to do, and we want to have our own way!

*"Sometimes, it's harder to accede to something than it is to see it's \_\_\_\_\_." - Nietzsche*
